UIL IX

A large yellow and red barge named UIL IX is shown on a river. The barge has a yellow upper section and a red lower section. It is equipped with several large black mooring rings along its side. The name 'UIL IX' is visible on the side of the barge. The background shows a blue sky with white clouds and a distant shoreline with trees and buildings.

The UIL IX showcases a deck loading capacity of 1400 tonnes that underscores its heavy-duty capabilities. Birthed in the waters of Delta State, Nigeria, in 2020, it spans a length of 51.00 meters and a breadth of 14.20 meters, providing a stable and spacious platform for a myriad of maritime tasks. With an unwavering emphasis on safety, it comes equipped with robust mooring ropes, ready to take on the rigorous demands of the marine industry.
